

IDEA Software Technology Application Salon

CMTC is a software supplier and technical service provider specializing in numerical analysis and design in the civil engineering industry, with the purpose of providing customers with the most suitable product solutions and technical services closest to production applications, so as to help customers improve production quality and efficiency.

IDEA Connection is used for designing steel connections of any type or complexity. Start from scratch or import connections directly from your CAD or FEA software. Apply simplified or complex loading, visualize the behavior, and generate connection sketches and detailed reports.

In the past year or so, nearly 30 engineering consultants and contractors in Hong Kong have adopted IDEA Connection as the main tool for the analysis and design of steel structure engineering joints, and has been widely used in engineering practice. In order to help customers better use the software, this technology application salon in Hong Kong is held. We will invite the IDEA StatiCa technical team to demonstrate the application solutions and cutting-edge technologies, and invite some customers to share their cases. We look forward to sharing and discussing the technical applications of IDEA software with you in a relaxed and pleasant environment.

- **Theme:**

1. New enhancements in IDEA Version 25
2. The integrated design process of steel structure,
3. The introduction of the concrete function of IDEA.
4. Advantages of IDEA : Comparative analysis with manual calculations.
5. The introduction of the IDEA Members.
6. Customer project cases sharing.

- **Time:**

14:00PM-17:00PM 2025/05/08

- **Location:**

The COFFEE ACADEMICS (35-45 Johnston Rd, Wan Chai. Hong Kong)

Contact person: Dali Guo / Je Luo
Mobile: 13801378241 / 13265512589
Email: 445438619@qq.com / luojie@cisec.cn

CMTC 築力科技諮詢（香港）有限公司
CONSTRUCTION MECHANICS TECHNOLOGY CONSULTING LIMITED

報名方式（Registration）

- 1. 請掃描二維碼報名
- 2. 填寫參會回執表發送郵件 445438619@qq.com
luojie@cisec.cn

參會回執表

單位名稱				
單位地址				
姓名	性別	部門及職務	手 機	E-mail

備 注：1. 請將參會回執於5月7日之前發至郵箱445438619@qq.com，luojie@cisec.cn
2. 報到時間：2025年5月8日
